

First Grade Religious Education Program

A Virtual Journey with Jesus

Parents, our First Grade Religious Education program this year will be a “virtual one.” You and I, together with Pflaum publishing, will guide our children on this exciting journey. The Pflaum Gospel weeklies faith formation program is centered on the Sunday liturgy. It is engaging, easy to teach and involves the family.

You will receive a semester of weekly handouts for your child and a link to the program designed by the Pflaum team. I will, also, highlight and outline each lesson to save you preparation time. You can do the lesson with your child at your convenience during the week. This way you and your family can attend Mass on the weekend or livestream the Mass on Sunday at 10am and view it together.

Our first session begins on Sept. 20th. I will notify you when the materials are ready for pick-up in the parish center. It will be before the 20th.

Throughout the year, we will have “craft packs” and other materials for you to pick up with your program.

Gratefully,

Sister Kathleen Lynch
